5. Instruct the Arts Commission Executive Director to prepare and sign contracts with those organizations so recommended, and to monitor compliance with the terms of these contracts.

PURPOSE OF RECOMMENDED ACTIONS:

To disburse grant funds allocated by the County Board of Supervisors. This is the annual implementation of the Arts Commission's Organizational Grant Program (OGP).

JUSTIFICATION:

The Arts Commission was established in 1947 to support arts services for Los Angeles County residents; the administration of grant programs to Los Angeles County arts organizations is an essential component of fulfilling this mandate.

Organizational Grant Program I/Small Budget Organizations

The Small Organization Grant Program funds artistic or administrative advancement projects for non-profit arts organizations with budgets under \$100,000 and two years of producing history. Organizations may apply for two years of consecutive funding and may request grants for projects up to 10% of their annual operating budgets. Minimum grant awards are \$2,000 (\$1,000 in each year for a two-year grant); maximum grant awards are \$20,000 (\$10,000 in each year for a two-year grant). Grantees also receive technical assistance through organizational development workshops and consultancies. Due to the budget reduction, the funds for these program services have been reduced by \$85,000.

[As a reminder to your Board, 75 organizations received funding in the OGP I/Small Budget category last fiscal year for two consecutive years. These grants were encumbered in 2002/2003 and a list of those 75 organizations receiving their second year of funding for fiscal year 2002/2003 is included as Attachment E. No action is required by your Board. This attachment is provided for your information only.]

Organizational Grant Program II/Mid-Size Budget Organizations

The Mid-Size Organization Grant Program funds artistic or administrative sustainability projects. Funding is provided for non-profit arts organizations with budgets between \$100,000 and \$800,000 and two years of producing history. The OGP II/Mid-Size program is designed with two options.

Option One focuses on organizational support and development for organizations not yet prepared for the more rigorous requirements of Option Two. In Option One applicants may request grants up to 3.5% of their annual operating budgets (with a minimum request of \$5,000). Option One also provides for technical assistance in the form of workshops and seminars to assist organizations to achieve goals of sustainability.

Option Two focuses on strategic management and implementation and requires that the organization's staff and board of directors have made a commitment to sustainability through a fully integrated and implemented strategic plan and successful movement toward benchmarks and goals. In Option Two, applicants may request up to 5% of their annual operating budgets (with a minimum request of \$10,000). Leaders of mid-size organizations participant in a leadership development program which includes peer to peer mentoring and study trip support.

Organizational Grant Program III/Large Budget Organizations

The Large Organization Grant Program provides annual support to non-profit arts organizations with budgets over \$800,000, including major Los Angeles County institutions, to ensure accessibility. Due to the budget reduction, the minimum grant awarded in this category has been reduced from \$15,000 to \$12,500 for FY 03/04 and the funds for these program services have been reduced by \$194,000. All 2003/2004 contracts for services are for low-cost or free public performances, exhibitions and/or arts education activities for school-aged children.

The Commission utilized discipline peer panels to review and score all applications and to make recommendations to the Commission. Each recommended organization has met the approved guidelines of the grant program from which they will be awarded funds. The commissioners reviewed these scores, and are submitting funding recommendations to your Board for approval.

Grant amounts are awarded utilizing a formula adopted by the Commission. Awards are based upon the organization's budget size, which determines the request allowable under Commission guidelines. A percent of the request is then awarded based upon the score assigned it by the discipline peer panel and the Commission. Scores are determined by evaluating the organization's artistic quality and accomplishments; quality of K-12 arts education services (if applicable); services to its community/audience; evaluation methodology; demonstrated support through fund-raising, audience support, and volunteer involvement; and fiscal and administrative competence.

Implementation of Strategic Plan Goals

The recommended action is consistent with the County Strategic Plan Goals of Organizational Effectiveness and Children and Families' Well-Being as the proposed organizations' contracts will 1) provide the public with accessible and quality arts services that are beneficial and responsive; and 2) improve the social well-being of children and families.

FISCAL IMPACT:

Grants to OGP I/small organizations are given over two years and range between \$2,000 and \$11,000 for a total cost of \$297,000.

Grants to OGP II/mid-size organizations in Option 1 range between \$5,000 and \$15,000 for a total cost of \$567,200.

Grants to OGP II/mid-size organizations in Option 2 range between \$10,000 and \$19,600 for a total cost of \$137,800.

Grants to OGP III/large organizations range between \$12,500 and \$98,800 for a total cost of \$993,000.

FINANCING:

Financing will come from the Arts Commission's proposed Fiscal Year 2003/2004 budgeted funds.

FACTS AND PROVISIONS/ LEGAL REQUIREMENTS:

The County is authorized to contract with any firm or corporation for artistic services for the residents of Los Angeles County. In all details of the services to be provided, the contractor will be governed by the policy and guideline requirements of the Los Angeles County Arts Commission.

For both artistic or administrative projects, Arts Commission logo placement and the following credit will be made on all printed programs, publications, catalogs, or by verbal announcement when no printed publications are used:

"This [project/performance/exhibition] is supported, in part, by the Los Angeles County Board of Supervisors through the Los Angeles County Arts Commission."

CONTRACTING PROCESS:

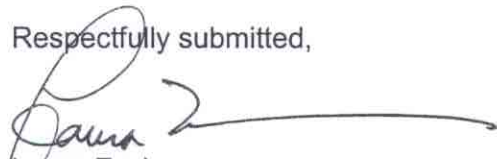

The County will pay to Contractor, in consideration of services to be performed and fulfillment of matching requirements, a specified grant award sum (see attachments A, B, C, and D).

The Arts Commission will not request contracted organizations to perform services which exceed the Board approved contract amounts, scope of work, and contract dates.

IMPACT ON CURRENT SERVICES (OR PROJECTS):

The awarding of grants to small, mid-size and large non-profit arts organizations supports the Commission's ongoing mission to foster excellence, diversity, vitality and accessibility of the arts within the County of Los Angeles.

Respectfully submitted,

Laura Zucker

Executive Director
